

## DISASTERS TO SHIPS AT SEA

Three Lives Lost, Two Vessels Sunk, and One on Fire.

## SEAMEN IN DANGER

Forty Men on Board the Indian of Wood's Holl, Mass., in Great Peril.

## MUCH DAMAGE DONE

One ocean steamship afire and its passengers taken out at sea and taken to New York City, and several vessels sunk or endangered along the Atlantic coasts were ocean perils reported today. Only three lives were lost in the series of marine disasters. The big steamship Pretoria came steaming back to New York yesterday with its forward hold on fire and the next one full of petroleum. All the passengers of the ship had been transferred at sea to the Noordland and brought back to port, where the New York fire boats were summoned.

On the coast of New Brunswick the Lake Superior, carrying 1,125 immigrants, went ashore on a mud bank in the harbor at St. John's, where it is still sticking. The vessel was in momentary peril, but it is expected to be floated off today.

Near Wood's Holl, Mass., the Indian of the Boston line is on the rocks, pounding itself to pieces. The four passengers were saved but the crew of forty is still in grave danger.

Off Reedy Island, Del., the schooner, Edna Earl was cut in two and sunk by the steamer Romsdal. Three fishermen were drowned.

The big liner Holyrod, from Portland, Me., to London, was sunk off Fastnet by the Bernard Hall for Galveston. Twenty-eight men of the Holyrod were taken aboard the Bernard Hall to Liverpool.

## Wind and Snow in Michigan

St. Joseph, Mich., March 31.—This city was visited yesterday by a terrible rain and snow storm, accompanied by a southwest gale which was blowing fifty miles an hour. The telephone poles snapped off like pipe-stems, and the entire system is tied up. The poles fell on the wires of the St. Joseph and Benton Harbor street railway company and the entire car service was suspended.

## High Sea on Lake Erie

Toledo, O., March 31.—A heavy southwest gale which blew all day raised a big sea on Lake Erie and lowered the water in the Toledo harbor nearly four feet. The tug Lamb was nearly swamped.

## AMERICANS CHEER THE BULL FIGHT

Mexican Matador Caught on Horns of Animal in Fight at Juarez, and Applause Greets Bruce.

El Paso, Tex., March 31.—At the Juarez bull ring yesterday spectators witnessed a feature of the regular Sunday fight that caused the Americans in attendance to applaud wildly. The matador, Jarlago, was preparing to thrust the long, double-edged sword into the bull's heart, when the animal made such a quick lunge forward that the fighter was unable to escape. He was caught on the bull's horns in the middle of the body and tossed about like a toy balloon.

His clothes were stripped from his body and he sustained severe injuries. It is the usual saying of an American after having seen one fight, the goring of horses and the slaughter of bulls, that his next attendance will be for the purpose of seeing a Mexican gored, and today, when Jarlago was caught on the horns of the enraged beast, Americans cheered lustily and were hissed by the Mexicans and friends of the matador.

New York, March 31.—The steamer Noorland with forty-seven passengers, taken off the burning steamer Pretoria, one hundred and fifty miles out at sea, arrived here early this morning. The fire in the hold of the Pretoria, which arrived last night, was out.

## MISSES HIS TRAIN, LOSES HIS BRIDE; AND THEN WEDS ANOTHER GIRL

## Kentucky Man Goes to Indiana to Be Married, But His Fiancee Had Chosen Another Husband.

Louisville, Ky., March 31.—Harry Hill, a railroad man of this city went to English, Ind., yesterday to marry a girl who had been his sweetheart for years, but returned to Louisville last night with another girl for his bride.

Hill arrived at English eight hours late and the bride-to-be, rather than to disappoint the guests who had assembled to see the wedding, obligingly married another man. Hill, not wishing to return to Louisville without a bride, hastily wooed another girl, won her consent, and married her before the guests dispersed. He told about it, saying: "Well, you know, I was going to English to be married. I didn't

## MOST OF SUGAR IS FROM BEETS

Less Than Half of the Product of the World Now Comes from the Cane.

Washington, D. C., March 31.—The treasury bureau of statistics has issued a monograph on "The World's Sugar Production and Consumption, 1800-1900," which shows that the burden of sugar production has been transferred from cane to beet.

The world's sugar production has grown from 1,150,000 tons in 1840 to 8,800,000 tons in 1900, and the population from 350,000,000 to about 1,500,000,000. Thus sugar production has increased about 650 per cent and the population only about 50 per cent. In the United States the consumption of sugar in 1850 was only twenty-two pounds a head; in 1901 it was over sixty-eight pounds a head.

Beets supplied in 1840 less than 5 per cent of the world's sugar, but in 1900 they supplied 67 per cent, while cane, which then supplied 95 per cent, now supplies only 33 per cent. The average cost of the sugar imported in 1871-2 was 5.37 cents per pound and in 1899-1900 2.49 cents per pound.

## CHURCH OPENING WAS POSTPONED

Mrs. Leland Stanford Delays Dedication of Edifice Built as Memorial to Her Husband.

San Francisco, Cal., March 31.—The dedication of the \$50,000 church, built by Mrs. Leland Stanford as a memorial to her husband, the late Senator Stanford, on the campus at Leland Stanford, Jr., University, which was to have taken place yesterday was postponed. Mrs. Stanford desired some changes in the interior decorations, which will take some time to complete.

It is the finest church edifice at any university in this country and occupies a commanding position in the campus.

The church is built of buff colored sandstone in the Romanesque style of architecture. The golden cross that surmounts the bell tower is 160 feet from the ground. In this bell tower is the most expensive set of chimes on the Pacific coast. They are an exact duplicate of those in the Parliament buildings in London.

The interior is elaborately decorated with mosaics, Moorish tiling, and carved stone work, over which is thrown a soft light from forty-seven stained glass windows. The heroic figures in mosaic which surround the apse represent the prophets, and in the twelve niches are life-size figures of the twelve Apostles in marble. In the choir loft is a great organ of 2,000 pipes, with seats for 150 singers on each side.

## JANESVILLE GIRL WON THE CONTEST

Euretta Kimball, Last Year's Medal Winner, Got First Place at Beloit.

Beloit, Wis., March 31.—The Janesville high school won first honors in the league declamation contest at the high school. Euretta Kimball, last year's medal winner, getting first place. Her selection was: "Two Homesteads," and was exceedingly well rendered.

Carl Moushau, of Evansville, had second place with the declamation, Joam Dacosta. Third place was awarded George Foster, a 13-year-old freshman, in the Beloit high school. He completed his grade work at the Parker school last June. He spoke on Toussaint L'Overture.

The contest was one of the best ever held by the league, all of the speakers doing well. The judges were Superintendents R. B. Dodgeon, Madison; H. L. Terry, Waukesha; and H. S. Youker, Brookfield; Dr. S. E. Sparling and Prof. M. L. Doggy from the elementary department of the University of Wisconsin.

## Morgan Going to Europe.

New York, March 31.—J. P. Morgan has engaged passage for Europe for Wednesday. This is the usual time for his annual trip to his offices at London and Paris.

## Railroad Bridge at Thabo's

Kankakee, Ill., March 31.—Donald Sinclair has secured a \$100,000 contract for the construction of the approaches of a bridge across the Mississippi at Thabo's, Ill.

## GOTHAM HAS ITS EASTER PARADE; STREETS FILLED WITH GAY THROGS

Sun Was Bright and the Day Was Cool--Women of Fashion Cling to the Furs and Gowns of the Winter Season.

New York, March 31.—The annual parade of winter and spring clothes and millinery, sometimes called the Easter procession, took place in Fifth avenue yesterday. The parade was in two sections; one passed in review between 9:30 and 11 o'clock in the morning and the other between 3 and 6 in the afternoon.

The weather was the finest that has come along with an Easter Sunday in years. The temperature might have been higher and still not have been uncomfortably warm, and for the demure paraders there might have been less wind.

The morning parade was made up of the old men and matrons and the young men and maidens who for the most part attend churches in Fifth avenue and who usually go to divine service in carriages. Today many of them walked, and so it happened that for the first time in years some of the fashionable New York was found in the Easter parade.

The women of social prominence who were in the parade were nearly all of them clad in furs and gowns and headgear that were built last autumn. The silks and velvets and

## KENTUCKY MAKES WHEELER UNEASY

Music Dealer Enters the Lists Against Him Accompanied by Pretty Daughter with Violin.

Louisville, Ky., March 31.—Kentucky Wheeler, who exploded with disdain in a speech in congress before foreigners of note and high standing, will have fish to fry in his own state this summer. A Mr. Greenup, a Paducah music dealer, wants to go into congress in Wheeler's place. He is now stumping the district, carrying his pretty daughter with him. She plays the violin and he makes speeches, so that the audiences are well entertained, and as the fun goes along noisy Wheeler grows uneasy.

## MOURNERS CARRY GUNS AT FUNERAL

Armed Men in Possession of the Burial of One of the Kentucky Feud Victims.

Waltersburg, Ky., March 31.—A unique funeral procession was witnessed in Pike county yesterday afternoon. There were over 200 mourners and every man carried a Winchester across his shoulder. It was the funeral of the two Hatfields, Thomas and his son, Ephraim, who were killed in the quadruple tragedy of Saturday morning, the other victims being John Rutherford and Harry Watts. The Hatfields were buried on the mountain side. The funeral of John Rutherford was conducted at the same time, and the two processions were in plain view of each other. Not a man was without a gun. They walked with bowed heads and were accompanied by their wives and children.

One man's rifle was accidentally exploded. The mourners stopped and placed their weapons to their shoulders and stood ready to fire. When it was discovered that the shooting was accidental, the procession proceeded.

## TEACHERS' MEETING AT MADISON TODAY

Madison, Wis., March 31.—(Special.)—The educators of the state to the number of about two hundred, principally teachers and county superintendents, are in attendance at the two conventions which opened here today. Supt. Harvey addressed the school of instruction for institute conductors on the purpose and methods of institute work for the coming year.

Madison, Wis., March 31.—(Special.)—The educators of the state to the number of about two hundred, principally teachers and county superintendents, are in attendance at the two conventions which opened here today. Supt. Harvey addressed the school of instruction for institute conductors on the purpose and methods of institute work for the coming year.

## HEBREW CEREMONY OF CIRCUMCISION

Rite Performed Upon the Eight Year Old Boy of Mr. and Mrs. Nathan Block.

Yesterday noon an important ceremony was performed at the home of Mr. and Mrs. Nathan Block, 112 W. Milwaukee street, when the rite of circumcision was performed on their eight days' old son by Rabbi Vogel of Milwaukee.

The rite began at 12:30 and the boy was named Albert Moses Block. K. Goodman of this city was god father and Miss Jeanette Cohn of Chicago was god mother. The ritual was said and sung in the Jewish language. After the services a banquet was served amid much rejoicing.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Sepira, Mr. and Mrs. Benash, Dr. L. P. Merar and son, Mr. and Mrs. Jerome Sennett, Mr. and Mrs. A. E. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

Those present at the rite were Rabbi Vogel of Milwaukee, Miss Jeanette Cohn of Chicago, Max Cohn of Milwaukee; Mr. and Mrs. S. E. Cohn, of Chicago; Mr. and Mrs. L. Bernard, Mrs. James Ryan, Mrs. Elmer Malne, Dr. George Field, Frank George and J. F. Willey.

## GUTHRIE, O. T. HAS HEAVY FIRE LOSS

Newspaper Plant, Hotel, and Several Business Houses Destroyed in the Oklahoma Town.

Guthrie, Ok. T., March 31.—Fire destroyed \$350,000 worth of business property in Guthrie today, including the State Capitol printing plant, the Hotel Capitol, the St. James' Hotel, the Cammack livery barns, and the Richey general merchandise store yesterday. The fire started at noon in the basement of the state capital. A high wind was blowing. Assistance was asked of Oklahoma City, Perry, Kingfisher, and other surrounding cities, but the buildings were destroyed before help arrived. It is believed that the fire is of incendiary origin.

Grand Forks, N. D., March 31.—Fire destroyed the greater portion of the business section of Hoople, N. D., yesterday morning, entailing a loss stated to be about \$50,000.

## DECISION ON THE ICE TAX LICENSE

State Supreme Court Will Meet at Madison and Pass on This and Other Matters.

Madison, Wis., March 31.—(Special.)—A decision on the validity of the ice tax law, passed a year ago, which imposes a license fee of ten cents a ton on ice shipped out of the state, is expected from the supreme court tomorrow. The court meets at 10 a. m. to hand down decisions and take up arguments in new cases.

A decision will probably be handed down also in the Washburn, Bayfield & Iron River railway case, in which is involved the right of the federal court to order the destruction of a railroad operating under a charter granted by the state—in effect the destruction of a state public highway.

## LAWYER PATRICK WEDS IN TOMBS

Escapes Vigilance of Guards and Becomes Husband of Mrs. Francis, His Former Landlady.

New York, March 31.—Albert T. Patrick, convicted of the murder of Millionaire Rice, and Mrs. Francis, his former landlady, became husband and wife in the matron's room of the Tombs yesterday, despite the watchfulness of the guards. The ceremony consisted only of the signing of a written article by the parties to the marriage contract and the witnesses to the same. This makes it possible for Mrs. Francis to visit Patrick when he is committed to prison at Sing Sing, the wife of a convict being permitted to spend two hours a day with her husband.

## BOY KILLS HIS COMPANION

Thirteen-Year-Old Lad Murders Child of 7 in Revenge.

Toledo, O., March 31.—The body of Arthur Shanteau, aged 7, was found near a tree half a mile from his home. The left side of the face and one ear had been chopped off with a knife, and all of the front teeth were knocked out. There was also a laceration across the skull.

Searching parties were at once organized to find the child's murderer, and Anthony Rosebecker, a 13-year-old boy, after sharp questioning, confessed that the two had started cutting together, and that the little Shanteau boy had called him a name.

He drew a knife in his anger, and on the impulse of the moment, killed the child. Realizing what he had done, he then dragged the body a long way and hid it in a brush heap. The parents of the murderer are poor, ignorant people. He is held at the county jail.

Madison, Wis., March 31.—After a hard two days' fight the big fire in the Whitcomb mine of the Pittsburgh Coal company has been controlled.

## DENIES THE WORLD IS GOING INSANE; RELIGION AN OUTLET FOR EMOTION

New York Physician Holds That Treatment of Mental Diseases Are Better Understood Than Formerly.

New York, March 31.—News came to New York today that Dr. W. B. Fletcher of Indianapolis, a specialist in diseases of the mind, had started the medical profession of Indiana by making a public statement, in which he declared that the world is going crazy.

"Time flies, and the earth's millions are to be made ere six generations have peopled its rock-ribbed hills and pensive vales," says the Hoosier sage. "Less than two paltry centuries remain to sanity, and the hundred year club's successor may participate in the finish of reason."

The dispatch was shown to Dr. J. Leonard Corning, who a few years ago wrote a book conveying a warning as to the effects of modern living in the production of insanity, which was widely quoted and commented upon both here and abroad.

Dr. Corning said that he had no fear of the world's going mad, least of all of the people of the United States going mad as a nation.

"I know of no people so likely to be sane 200 years from now," he said, "as the contrary. I think that Christianity carries insanity with it, or that it is worse than other religions. On the contrary, I think that the Christian religion is the best of all."

"One of the offices that religion performs is to supply a seemingly outlet for emotions, and there is nothing more dangerous than pent up emotion—more dangerous to sound well-being. Mistakes have been made, but particularly nowadays, when the leading clergy of all churches have a better understanding of the psychological element, the teachings of religion are a greater benefit and less danger, and they are helpful in aiding the emotional to proper living."

"There has been a slight increase of insanity in large cities, but we are learning all the time how better to treat these diseases likely to overtake us. When I say 'we' I mean this people above all others."

## DANISH INQUIRY WILL BE PUBLIC

The Committee Will Hold Open Sessions in West Indies Affair.

## END OF SUGAR WAR

Mr. Babcock's Decision to Stand by His Party, Will Settle the Matter.

## ACTION TO COME SOON

Washington, March 31.—The special committee appointed by Speaker Henderson to investigate allegations in connection with the Danish West Indies purchase held an executive meeting and determined to begin the investigation to-morrow in the foreign affairs committee room. The hearings will be open to the public.

In an interview at Copenhagen on the subject of Congressman Richardson's resolution for the appointment of a committee to investigate charges made by Captain Christmas in connection with the negotiations for the sale of the Danish West Indies, a high official said:

"Neither Christmas nor Gron was ever given credentials as agent for the sale of the Danish West Indies. They never negotiated from Washington, and have in no way influenced the negotiation."

"Before the commencement of the negotiations Christmas and Gron actually tried to become connected with the matter as agents. The then premier, Dr. Hoerring, gave them some encouragement, and private parties favoring the sale furnished small amounts for their traveling expenses."

"Dr. Hoerring was indiscreet. He discussed a commission, but bribery was not suggested. He and the other parties speedily discovered that they had been imposed upon and broke off their connection with Christmas and Gron, considering them to be without influence. Christmas has now been forced to declare that his report of bribery was false."

Babcock Stands by Party. Washington, March 31.—The beet sugar war is virtually at an end. Representative Babcock will vote for the bill. Mr. Babcock announced his position as follows:

"I shall vote in committee in accordance with the instructions given to the committee at the last conference of Republicans of the house by a large majority of my party colleagues. It is well known that I was opposed to the measure which was finally adopted in the conference. But I return to the house after an illness of six weeks' duration and find that as a result of five conferences of my Republican colleagues the administration's bill has been endorsed."

"Regardless of my own views, I am too good a Republican to revolutionarily oppose a measure promulgated by the administration and endorsed by more than a majority of the Republicans of the house. Such a bill becomes a party measure, and I would vote for it even if I were more opposed to its provisions than I am to the bill in question."

It is the purpose of the ways and means leaders after the bill is reported to call it up for consideration in the house to-morrow.

## THOMAS MOREFIELD DEAD

Had Resided in Walworth County Fifty-Four Years.

Elkhorn, Wis., March 31.—Thomas Morefield, a resident of Walworth county fifty-four years, died today of apoplexy. He was born in England, and was seventy-five years old, and the father of T. W. Morefield, the postmaster of Elkhorn.

Morefield's Fire Under Control. Connellsville, Pa., March 31.—After a hard two days' fight the big fire in the Whitcomb mine of the Pittsburgh Coal company has been controlled.

law, Richard Sterling, for wealth  
torough Wall Street manipulations,  
and her daughter, Blanche Sterling,  
for happiness and high ideals.

At the time of her father's death  
Mrs. Sterling learns that her husband  
is connected with dishonest money  
dealings. She makes heroic efforts  
to save him, assisted by a staunch  
friend of the family, Edward War-  
den. Love develops between Mrs.  
Sterling and the latter, but notwith-  
standing the fact that her husband's  
contemptible rascality has killed her

love for him, she conquers that felt by her for his friend, Warden.

"The Climbers" has been staged with rare taste and beauty. Everything in the rooms betokens an artistic touch. They are not merely furnished scenes, but they show a real home, appropriately luxurious in its appointments. The original scene and sartorial appointments will be seen in its production here.

The right idea as to the players

appeared in one organization.

The story of that very successful play, "The Village Postmaster," opens on that day, with a faithful representation of the drill on "Train Day," which is brought to a sudden end by a fall of rain and the accidental discharge of Ebenezer Todd's gun. Rain,—the real article—falls in torrents, and it is undoubtedly the most realistic storm ever seen on the stage.

This play, with all its scenery and effects, the entire New York production, exactly as played for 227 nights in that city, and for 125 nights in Chicago, will be the attraction at the Myers Grand, on Friday, April 18, and no doubt will attract all lovers of good wholesome plays.

An excellent company will be seen, including many of the original cast.

The United States Geological Survey has recently issued a reprint of a map of the United States whose convenient size recommends it for many uses. It is 11 by 16 inches, printed in blue and black; blue for the drainage and water features, and black for names and boundary lines. The principle cities, lakes and rivers and the state lines, are the only features shown, so that, free from confusing details, it forms an excellent base map for a variety of purposes. It may be used to plot railroad lines, weather reports, crop, mining, lumber, oil and gas returns, the limits of commercial territory and zones of trade, and many other statistics, and it is useful in educational work. The map is of such size that it can readily be framed for reference or used as a desk map under a glass. It may be had for 5 cents on application to the Director of the U. S. Geological Survey.

To the Electors of the City of Janesville. Office of the City Clerk, March 24, 1902.

Notice is hereby given that a municipal election is to be held in the several wards and election precincts in the city of Janesville, on the 1st day of April, 1902, at which the officers named below are to be chosen. The names of the candidate for each office to be voted for, whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below.

The following instructions are given for the information and guidance of voters. A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party, should make a cross mark X under the party designation printed at the top of the ballot in the circle made for that purpose. A ballot so marked, and having no other mark, will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all the names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in a any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the city. The presiding officer may administer an oath in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

For City Treasurer.....	THEODORE S. SAYLES.....	JAMES A. FATHERS.....
For City Attorney.....	FRED C. BURPEE.....	STANLEY D. TALLMAN.....
For School Commissioner at Large.....	GEORGE M. McKEY.....	WILLIAM S. JEFFRIS.....

## THE CITY ATTORNEY.

More or less sentiment is expressed concerning the city attorney, and the argument is used by democrats that the present incumbent, Mr. Burpee, should be permitted to succeed himself, because of experience in the office. The argument is too thin to defend with any degree of success. If experience has done anything for the present official the city has not received the benefit. His administration has been anything but economical, and while the city has never been favored with a financial statement of his department, enough appears on the surface to surmise that the salary of the office, is an insignificant part of the expense.

The city has been burdened with damage suits, and others are pending. Any one at all familiar with the history of these cases is aware of the fact that in many instances, it would have been cheaper for the city to settle them out of court. The famous Collins case that is now on its way to the Supreme court for the fourth time, and that will cost the city in the end from \$3,000 to \$4,000 independent of the city attorney's salary, might have been settled in the early stages, if reports are correct, for \$1,000. "Experience" has been a great argument in that case.

The city attorney is supposed to be the guardian of the city's interests, and yet during the administration of the present official the council have let contracts to members of that body and employed their own members to do city work. "Experience" winks at the proposition.

There is absolutely no argument in favor of Mr. Burpee's reelection. Mr. Tallman, the republican candidate is mentally well equipped for the office and the council will be more whole some with less "experience," and a little new blood injected into it. Vote for Stanley Tallman, and the city will have a good attorney.

## PLAYING TO THE GALLERIES

Senator Quarles made his maiden speech in the senate, the other day on the oleomargarine bill. He evidently aimed at a ten strike, when he announced the innocent product as "the greatest fraud of the century." The senator seems to have overlooked the fact that the dairymen of the country are comparatively a small part of his constituency. He seems to forget that the steer, which he characterizes as the "competitor of the cow," is also a product of the farm, and that as many farmers are interested in raising steers as in milking cows. Oleomargarine is as much a product of the farm as dairy butter. There is no more fraud in selling "oleo" for "oleo" than there is in selling lard for lard. People do not buy it because they prefer it to butter, neither do they buy it for butter. They buy it as a good substitute, simply because they can't afford the genuine article, just as women buy imitations of lace as a substitute for genuine lace.

When an imitation of any thing is sold to represent the genuine, then fraud may justly be charged, but this is not the case with oleomargarine. The manufacturer does not pretend to be a butter maker. He sells his product, properly labeled, and the man who buys it has no notion that he is buying butter. There are 3,000-300 dairymen in the United States, who imagine that "oleo" conflicts with their interests. There are 75-600,000 people who are not dairymen, and an army of them want the privilege of buying imitation butter, because they can't afford to buy the genuine article. Senator Quarles is playing to the galleries. The legislation is a class of legislation pure and simple, and is so regarded by all people, who are not interested in making butter for the market. The Senator will be applauded by his dairy constituency; but it will be gallery applause as compared with the pit.

The masses are not profited by this class of legislation, and they should not be deprived by law of the priv-

ilege of buying an innocent and harmless food product. The Gazette has a farmer constituency, that may not endorse these sentiments, but the paper believes that the masses have some rights that should be respected.

**POSTAL CURRENCY.**  
A bill now pending in congress, to provide a safe and convenient postal currency, is worthy of careful consideration and encouragement. The scheme was developed by C. W. Post, and is known as the Post Check System. It provides for an issue of fractional currency as well as for bills of the denominations of \$5.00 and under, which can be converted into money orders, payable at any post office, by endorsing on the back of the note, in a space made for that purpose. This kind of currency has two or three things to recommend it. In the first place it is absolutely safe. The post office department today is wonderfully weak along these lines. There is no safety in a registered letter, and the postal note is no better than so much currency in the mails. The money order is the only thing that is reliable, and many small offices are not provided with this system, and as rural routes become established, the country post office will be a thing of the past.

As a matter of convenience, the Post check will be without a rival. The farmer, the business man, or mechanic, who wants to make a small remittance, simply takes the amount out of his pocket, makes the note payable to the man he sends it to, signs his name, and mails it. The receiver signs his name, goes to any post office and gets it cashed. The post master who cashes it, sends it to Washington, where it is destroyed, and a new note issued instead and returned to the post master.

The whole system is so simple and safe, that it has everything to recommend it.

The office of city attorney, needs a new man at the helm, both for the good of the city and the council. Stanley D. Tallman is the man selected for the place. There should be no question about his election.

James A. Fathers will succeed himself without much opposition. The office of city treasurer is important, and when a good official is secured, changes are not desirable. Mr. Fathers fills the bill and should be retained.

Orville Moore has been a hustler for other people all his life. His friends in the Fifth Ward should be glad of an opportunity to hustle for him. If they will do it, he will be a member of the board of supervisors.

Justice impartially dispensed is a credit to any court. Jesse Earl enjoys an enviable reputation as Justice of the Peace, and his reelection is not a matter of doubt.

P. S. Fenton, A. K. Cutts, Wallace Cochrane, M. A. Cox and John O'Donnell, the republican nominees for constables, are all good men, and should be elected.

It looks very much as though Anson would be the next mayor of Milwaukee. If elected, the city will be assured of a wholesome administration.

No better man can be found for the office of school commissioner, than Wm. S. Jeffries. He will continue to serve the city on the school board.

Wisconsin tobacco is finding a market in Australia, and Stuart B. Hedges, a Janesville dealer, is the shipper.

It is the duty of every man to vote and the privilege of every man to kick, but the man who votes seldom kicks.

The Fifth Ward should surprise itself by electing Carl Pabst for alderman. A republican official from that ward would be an acceptable novelty.

Fred P. Grove will make a good member of the board of supervisors. Republicans of the Fourth Ward will be glad to vote for him.

L. A. Hemmens is entitled to loyal support in the Fourth Ward. The council needs young men of his stamp. He should be elected.

Dr. Mills is an old resident and property owner in the Second Ward. His opponent happens to be a boarder in that ward at present, Mills should be elected.

J. L. Bear has been tested and found capable. The Third Ward voters will see that he is retained on the county board.

H. M. Paul, the candidate for supervisor from the Second Ward, will be elected and will render the city good service.

If you don't want an obstructionist on the school board, vote for John Koerner, the republican nominee, in the Fourth ward.

C. E. Bowles has had valuable experience on the board of supervisors and should be continued in office.

Vote for Dr. Judd for alderman of the Third Ward.

E. B. Heimstreet may not meet all of the requirements demanded by an erratic governor, but he possesses the intelligence to make a good school commissioner. He will be elected.

Vote the straight republican ticket tomorrow and elect good men to office.

**PRESS COMMENT.**  
LaCrosse Rep. and Leader: Senator Spooner has nothing but the commendations from the press of the whole country—one lone little organ in LaCrosse excepted.

Atlanta Constitution: "Sir an Friend: Do the Carnegie library lend books to children? I want to take one to my little girl. I am all right on spellin' an am a purty good Grammarian if I do say it myself. I kin spell an Grammarize but Matthewmatics is one too Much for Me."

Edgerton Reporter: With forty-three game wardens and about an equal number of oil and factory inspectors drawing public money for going around and talking politics, is it any wonder that the people of the state are inquiring what makes taxes so high?

Grant Co. Herald: An Indian hypnotist who was buried six feet under ground on an agreement to stay three days, failed in his self-imposed task because the water rose in his coffin and nearly drowned him before he could be exhumed. He should have been buried in a bathing suit and left to swim out. The net results to science would have been as great.

Evening Wisconsin: The proposed strike of the anthracite miners has been postponed, and if the parties to the disagreement cool down and reflect here will be no strike at all. Hot-headed action has been the cause of much loss to both labor and employer.

Portage Register: Walter Wellman is authority for the news that Senator Spooner will run again. Wellman is somewhat slow; the people of Wisconsin decided long ago that the Senator would be renominated.

Madison Republican: Editorially the State Journal Tuesday evening said:

This paper is in favor of the reelection of Mayor Bull. If you see anything that squints in the other direction you may know it's an article printed in the interest of fair play, or in space that's paid for—an advertisement.

It seems that for a money consideration Editor Wilder's conscience will permit him to print on page 8 of the State Journal what he cannot endorse on page 4.

Milwaukee Journal: Dr. Wilder is quite a financier. The doc. bolts his party candidate for mayor, and then leases three columns of his paper to advertise the merits of the regular republican ticket.

LaCrosse Orkan: Editor Wilder has bolted the republican nominee for mayor in Madison, and come out for Storm Bull, the democratic candidate. Editor Wilder thinks it would be to the interest of Madison to have Prof. Bull elected for a second term. He stands for his city.

Beloit Free Press: Wisconsin bees produced 2,677, 100 pounds of honey last year. With its thousands of butter and cheese factories, Wisconsin can fairly claim to be the modern "land flowing with milk and honey."

**ANOTHER VETERAN OUT.**  
The governor is attaining notoriety in other states, as will be seen by the following complimentary notice for E. B. Heimstreet, from the Midland Druggist, of Columbus, Ohio.

It is unfortunate that the governor of Wisconsin refused to reappoint E. B. Heimstreet, of Janesville on the Wisconsin Board of Pharmacy. Mr. Heimstreet has served with great acceptability on this board for twenty years, being, we believe, the only secretary the board has ever had. He was the originator of the pharmaceutical association of that state; he was largely instrumental in securing, perfecting and sustaining all laws relating to the practice of pharmacy. He was warmly endorsed by the State Pharmaceutical Association for re-appointment, and there was no opposition to having him succeed himself from the retail druggists of the state. It is stated that the governor had political use for another and took it upon himself to snub the members of the State Association by going outside the list of those recommended to him and appointing a person whom it is alleged would be "a man after his own heart." We know naught of this phase of the subject, but we are confident that Mr. Heimstreet's place is not an easy one to fill, and that his being disposed of is a distinct loss to the pharmacists of Wisconsin.

Any man who faithfully gives the best years of his life to such service, with the unselfish ambition to put to rest his best efforts can not be set aside during the years when he is still active and useful without some interest aside from his own being the worse therefor. We congratulate Mr. Heimstreet upon his release from long and arduous service but we condole Wisconsin's pharmacists in the fact that it will be some time before they will find his equal.

**To the End.**  
Persistence is a great thing in advertising. Fighting the campaign to the end, making success in spite of all obstacles, planning large sales with an assurance of values in stock and conveying the impression of a desire to supply the wants of the people at the right time in the right

way, this is what is necessary today, tomorrow, and every day. This is what makes business certain this week, next week, all through the spring and all through the year. Keeping at it makes greater success possible. Keeping at it insures the attention of the buying public. Advertising World.

**YOUR WANTS**  
Can Be Made Known Through The Gazette Want Column. 3 Lines 3 Times For 25c.

# Satire in Slang

TALE OF THE GUMPISH GEEZER WHO FINALLY MADE GOOD

Copyright, 1902, by American Press Association

ONCE upon a time there lived in the town of Thomassville a geezer of the name of Dick Haskins.

In his childhood days Dick was unwillingly made the recipient of a kick from the aft hoof of a perturbed mule, in consequence whereof his mentality assumed the condition of debatable repair.

Dick's parents, being wise to the fact that he was not in immediate danger of coming into physical contact with marked success in any field of endeavor entailing the expenditure of a large amount of mental activity, decided that it would be well to permit him to pass up a college education.

As a sort of substitute he was placed in the village school, presided over

by the erstwhile attache of the meatery was that of the ringer of the Baptist Church bell on the Sabbath for the purpose of announcing divine services. He was removed from office by a unanimous vote of the congregation for the reason that the bell rang whenever it occurred to Dick that it was up to the Thomassvillians to assemble.

Eliminating him from the forecasting department of the house of worship, Dick obtained the position of night watchman of a grain elevator. In attempting to acquaint himself with the inflammability of a quantity of kerosene kept on the premises for lighting purposes, he succeeded in negotiating a fire which completely destroyed the establishment. When the

by a slim damsel of unquestioned maturity who took in sewing as a side line and enjoyed the patronage of Mrs. Haskins.

Aided and abetted by an oak sapling of flexible proclivities, the schoolmistress after many months of laboriousness succeeded in acquainting the daffy Dick with the meaning of a limited number of words of not exceeding two syllables, whereupon he was allowed to try his hand in the field of toil.

The first responsible position of the blockhead was that of errand boy of the populace in general and the young men and women in particular.

The enterprise proved unsuccessful for the reason that he could not resist the temptation to inspect the contents of all messages intrusted to him for delivery.

While none of his clients questioned that he was on the level, many of them, especially the young ladies, objected strenuously to the lack of privacy attending his employment.

Dissatisfied with the unappreciative-ness of his patrons, the foghead retired from the messenger service business

elevator was rebuilt, Dick's name was purposely omitted from the pay roll.

Undaunted by his many throwdowns, the bloke of irrepressible stick-to-it-iveness annexed himself to a situation in the custom made department of a blacksmith shop.

Here he was assigned to the task of preserving the peace of mind of the plunks, while their pedal extremities were being metallicly attired, by preventing the encroachment of exasperating insects.

For this purpose Dick was supplied with a leaf laden branch of pine. While he succeeded admirably in keeping the insects at a respectful distance from the horses in waiting, the vigorous manner in which he flourished the botanical weapon in the immediate vicinity of the animals kept them in such a state of nervous apprehension that it was deemed advisable to dispense with Dick.

To the average individual it looked as though Dick was up against it for keeps. Indeed, the citizens of Thomassville, imbued with the idea that all of

and secured the position of clerk in the village livery stable at a salary of three bones per week; but, owing to the fact that he was given to the habit of forgetting to feed the horses, he was unable to hold down the job and received the bounce after putting in one week.

His next position was that of first assistant in a butcher shop. His salary was \$1.50 a week plus one-half of all dividends accruing from the sale of dog meat. His disregard for the scales, especially when waiting on ladies, rendered it necessary for his boss to choose between retiring from business and dispensing with the services of Dick. Being a guy of mercenary motives, he decided to let the gump have his walking papers.

the doors of occupation were locked against the intrusion of the ambitious and incompetent Dick, were considering the advisability of petitioning his parents to place his name upon the list of permanent guests of the county bughouse, but before the municipal entreaty could be made ready for on to the job of keeper of the Pike Toll Gate and made good.

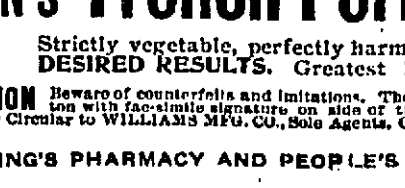

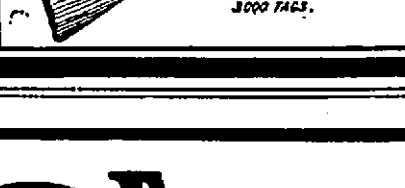

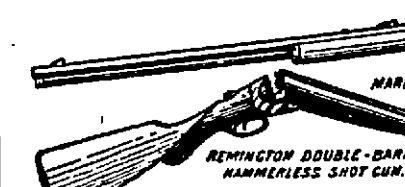

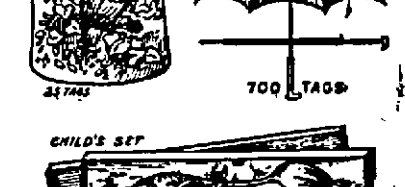

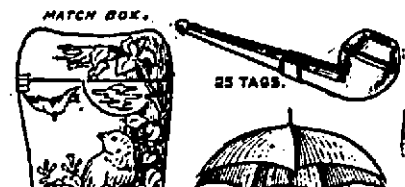

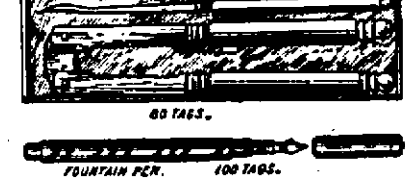

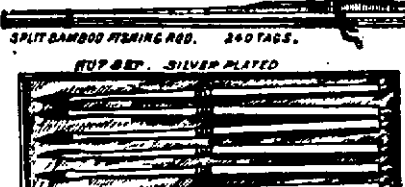

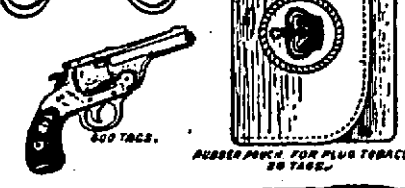

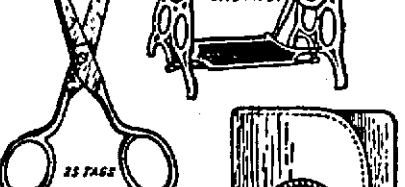

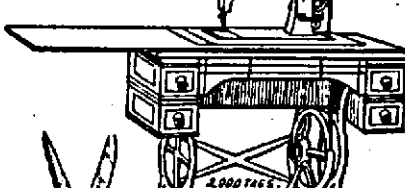

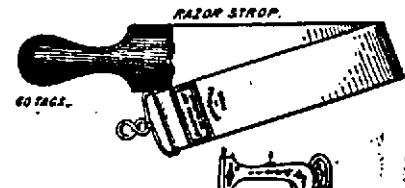

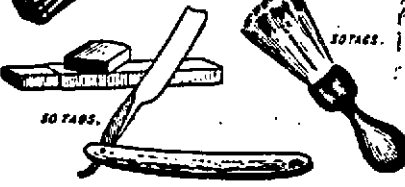

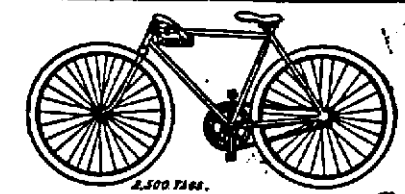

Moral.—Every lock has a key.

## VERDICT OF JURY IN THE CONNELL CASE

Find That He Came to His Death by Accidentally Falling Into the River and Drowning.

Saturday a coroner's jury was drawn by Justice Earle, and viewed the remains of the late Edward Connell, then adjourned to this morning, when testimony was taken. Wm. Cleveland was the first witness. He testified in working for the Electric Light Co., and was clearing debris away from the grates in the raceway, near the post office, when he discovered the body almost up against the grates. He was helped in the work by Thomas Cassidy. The grates are cleared twice a month. He helped clean them about the first of this month. The race is about 20 feet deep there. As soon as I found the body I called for help and Mr. Abbott came. The body was lying sideways. Dr. J. B. Whiting, Sr., testified to seeing the body. He knew it was Ed. Connell. Had known him all his lifetime. The features of the body were quite bloated and discolored. He thought death was caused by drowning. Thought the body had been lying with the face lowest, the blood settling in the face. The back of the head was quite natural and in a good state of preservation. There was no indication of external violence the scalp and skull was intact as was the skin of the entire body. The air cells in the lungs were filled with water, showing that he had breathed after being in the water. They would not have filled if he had not breathed when in the water, unless there a long time. From the condition of the body and temperature of the water I could think he had been in the water from 5 to 8 weeks, I think the body had just risen from the bottom. T. Thos. Abbott, a fireman, testified to helping remove the body from the race. Louis Hemmens testified to knowing Mr. Connell and helping remove him from the race. After hearing the testimony the jury brought in a verdict that "Edward Connell came to his death on Jan. 24, 1902, by reason of accidental drowning." The jurors were O. F. Nowlan, W. J. Pierce, J. A. Ryan, W. H. Bone-steel, John J. Comstock and Harry Garbutt.

## CLERK, REFUSED TO GRANT A LICENSE

Elopers from Janesville to Rockford Could Not Get Married—Boy Only 19 Years Old.

A few Rockford people were witnesses Saturday of the second act of a love affair from Janesville in which George Clark and Miss Frances Clithero are the principal participants. The couple were refused a license shortly after noon by County Clerk Norton, because the young man said he was only nineteen years of age. He said his prospective bride, who had come to Rockford with him, was only 20 years old, and acknowledged to several persons that they had come to the city without the consent of the parents on either side. When told by Clerk Norton that even if they were an eloping couple, if he was only nineteen years old he would have to have his father's consent, Clark held a conference with the coachman who brought him to the office from the Milwaukee depot, and decided to telephone to his father.

The result was that his father promised to come down on the earliest train and give his consent to the ceremony. In the meantime the couple are anxiously awaiting the arrival of the father and the time of the granting of the license. It is probable there will be an Easter wedding as a result.

The mother of the young girl, who is a prominent society woman, has been informed of the elopement, and said that she did not know that her daughter had left Janesville. She said she knew of the love affair, and would not interfere, although she wished the wedding had not been sensational and had been at the home, 120 North Academy street, in Janesville.

Young Clark is a wealthy young man, and his father is a retired farmer of considerable means.—Rockford Register-Gazette.

Miss Frances Clithero and George Clark, both of this city were quietly married at the Rockford home of the Rev. R. E. S. Ely, of Rockford, Ill., Saturday evening at 8:30 o'clock.

## RICHARD R. WINSTON HAS PASSED AWAY

Died this Morning from Effects of a Stroke of Paralysis Received Ten Days Ago.

Richard Winston died this morning at his home on Mineral Point avenue. About ten days ago he suffered from a stroke of paralysis from which he could not rally and this morning at seven o'clock he died. Richard Winston was born at Page Brook, N. Y., seventy-eight years ago. He removed to Evansville and made his home there for some years but later came to Janesville. He leaves a son Lloyd and a daughter, Winnie, to mourn his loss. The interment will be at Evansville for which notice will be given later.

Richard R. Winston was born at Page Brook, Chenango Co., N. Y., Jan. 26, 1834. He came to Wisconsin in 1863 and settled in Evansville. In 1867 he married Clemenza, Buxton, who preceded him to the Better Land in 1886. For five years past Mr. Winston and family have made their home in Janesville on Mineral Point avenue.

Mr. and Mrs. John L. Wilcox returned Saturday evening from Chicago. Mr. Wilcox has been in the East the past two months in the interest of the Lewis Knitting Works.

## NEWS OF THE CITY

You can save money by buying your wall paper at J. H. Myers.

The Unique club are making big preparations for their Tuesday evening party.

A regular meeting of the W. C. R. will be held tomorrow afternoon at 2:30 o'clock.

Smith's orchestra will have some fine new selections for the Unique dance.

There will be a happy recollection for all who attend the Unique party on Tuesday evening.

4. Consecration Service.....Rev. Epworth, Beloit

5. Benediction.....Rev. Epworth, Beloit

The music for the rally is in charge of Mr. Archie Crawford and the reception and entertainment is in charge of Miss Elva Crawford.

The safe was opened, but held nothing but the books—Took Crowbar and Cold Chisel.

Sometime during last night burglars broke into the mill and office of the Ford Milling Co. They broke into the mill first, entering by way of one of the barrel loaders and obtained a cold chisel and crowbar. With these tools they attempted to break open the door of the office which is in a separate building the other side of the alley.

Evidently the door gave them too much trouble for the window into the office was broken, allowing them access in that way. Nothing was taken from the office as the company never leave any money there because of the situation of the buildings. Mr. Archie Crawford, one of the company, said that it has been their custom never to leave anything valuable in the office as it was in altogether too easy a place to burglarize.

The safe was open but held nothing but the books of the company and evidently interested the men very little as they were not even disturbed. The only thing that the thieves obtained for their trouble were the crowbar and cold chisel which they found in the mill.

NEWS OF A PERSONAL NATURE

M. G. Jeffris left for Madison this morning.

Will Boub transacted business in Sharon today.

C. M. Dow of Madison is in the city on business.

E. S. Babcock of Madison is in the city today on business.

## EASTER SERVICE AT COUNTY FARM

The Chapel Was Decorated with Flowers and Plants, and the Exercise Much Enjoyed.

There were pleasant morning services at the asylum on Sunday, Mrs. Killam, wife of the efficient superintendent being in charge. The chapel was decorated with flowers and plants rising tier upon tier. The singing by a ladies choir of ten or twelve, accompanied by the clear sweet tones of a new Burdette organ, presided over by the skillful organist, Miss Lena Rye.

A short Easter sermon was read by Mrs. Killam, which was followed by an address. The audience, wholly local, was as orderly and interested as any could be. After the services there was a general handshaking and pleasant expressions were exchanged and as we came away we felt that Rock county has reason for pride in the tender care of her unfortunate.

Mr. and Mrs. Killam and daughters are untiring in their efforts to make comfortable, contented and happy all under their charge.

SHOE FACTORY IS BEING HURRIED

Work of Preparing the Upper Cotton Mill is Progressing Rapidly—Hope to Get Busy Soon.

The work of preparing the upper cotton mill for the new shoe factory is progressing rapidly and about twenty machines have been received and put in place along the northeast part of the room, and carpenters are constructing benches along the southwest part of the room.

Hanging racks are being constructed along the north end of the room for the purpose of hanging shoes on. Shifting and belting are being rapidly put in place and it begins to look like business in the upper floor.

Large boxes of machinery, lasts, leather, sewing machines and supplies of various kinds, are being received nearly every day and are put up in the south end of the building.

The cutters hope to get to work in about two weeks and sample shoes will be ready for the salesmen about the last of April. Mr. Marzluff is expected home tonight, from the east, where he has been purchasing supplies.

Carl Pabst

The republican candidate for alderman of the Fifth ward, is president of the Concordia society, and is prominently connected with the A. O. U. W. and Modern Woodmen. He is a representative citizen and well qualified for the office of alderman. The ward will consult its own interests by electing him.

Herbert Goldin returned to Beaver Dam this noon to resume his studies at Wayland academy. He had been spending a brief vacation with his parents, Mr. and Mrs. T. W. Goldin.

# Balky Stomachs.

**They Show No Structural Defects, Exhibit No Evidence of Real Disease—Because they Are Fagged, Lazy or Contrary, They Won't Work.**

**Food Lies in them for Hours, Decomposing, Rotting, Fermenting, Forming Noxious Compounds, that Poison the System, and Overtax those Organs that Have to Eliminate it, Instead of Nutritious Chyle that will Enrich the Blood so it May Feed the Various Tissues and Structures of the Body.**

When the stomach won't work the whole body suffers as every tissue or structure of the body depends on the stomach for nourishment and renewal.

If the stomach is weak, inactive and unable to properly digest food, it not only subjects the body to a state of chronic semi-starvation or habitually half-fed condition that weakens it and renders it less productive of accomplishment and less resistant to disease, but it allows the absorption of half-digested, rotting material that is a positive poison to it and taxes the eliminative organs to expel it from the body. Thus it will be seen that the inconvenience and distress, the disturbed rest, the horrors of insomnia, and the dreadful caprices of nightmare, are the most insignificant part of indigestion, and that real danger lurks behind the condition.

Few people seem to realize the danger of weak, defective and disordered digestion. Health reports do not give it as a cause of death because some other disease sets in to work destructive changes, only made possible by the imperfect digestion, and the death is accredited to them. There are many medicines on the market intended to correct and improve perverted or impaired digestion but none are so safe, so economical, so convenient, so effective, so satisfactory, so popular as are Stuart's Dyspepsia Tablets. Whether the dyspepsia is of long standing, or is only a case of temporary indigestion, they give prompt and pronounced relief. Their regular use for a time will cure all forms of gastric insufficiency so that "good digestion will wait on appetite and health both."

By promoting perfect digestion all tissues and structures are better fed and take on healthful activity, the blood becomes rich, the flesh sound and firm, the nerves strong, the eyes bright, the skin clear, the mind alert and cheerful, and one begins to feel the life of life—the joy of mere living.

Mr. Thomas Seale, Mayfield, Cal., says: "Have used and recommended Stuart's Dyspepsia Tablets because there is nothing like them to keep the stomach right."

Mr. E. H. Davis, of Hampton, Va., says: "I doctored five years for dyspepsia, but in two months I got more benefit from Stuart's Dyspepsia Tablets, than in five years of the doctor's treatment."

Restores vim, vigor, mental and physical power, fills your body with warm, tingling life. That's what Rocky Mountain Tea does. 35 cents Smiths' Pharmacy.

**Three Injured in Collision.**  
Cumberland, Md., March 31.—A head-on collision occurred at Sand Patch between Baltimore & Ohio passenger train No. 9 and a freight train. Both engines were demolished. The injured: Thomas Burton, J. Hunter, J. H. Gates. The passengers were thrown from their seats and a number were cut by flying glass, but none was reported seriously injured.

Gives woman that womanly beauty, refined into its fullest splendor that dazzles the eyes of mankind. That's what Rocky Mountain Tea does. Smiths' Pharmacy.

**FOR OVER SIXTY YEARS.**  
Has cured and has had well-tried remedy. Mrs. Winslow's Soothing Syrup, for children's teething, it soothes the inflamed gums, allays all pain, cures wind and colic and is the best remedy for diarrhoea. 25c a bottle.

Miss Grace Wright, who is teaching in Black River Falls, is enjoying her vacation at her home in this city.

Phil Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

Mrs. Lydia Bartram, of Assaria, Mich., writes: "I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. H. Page advised me to try Stuart's Dyspepsia Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken."

Rev. J. R. Hoag, of Wymore, Neb., writes: "For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather, that the stomach trouble was the cause of the heart disturbances. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes which I used for three months and I can now eat any kind of food I want, and have a good vigorous appetite. Although I am seventy-seven years old, I now feel perfectly well and without being requested by anyone I make this statement as a compliment to the virtues of Stuart's Dyspepsia Tablets."

Henry Kirkpatrick, of Lawrence, Mass., says: "Men and women whose occupation precludes an active outdoor life should make it a daily practice to use Stuart's Dyspepsia Tablets after meals. I have done so myself and I know positively that I owe my present health and vigor to their daily use. From the time I was 22 when I graduated from school with broken health from overwork until I was 34, I scarcely knew what it was to be free from stomach weakness. I had no appetite whatever for breakfast and very little for any other meal. I had acidity and heartburn nearly every day and sometimes was alarmed by irregularity and palpitation of the heart, but all this gradually disappeared after I began using Stuart's Dyspepsia Tablets and I can eat my meals with relish and satisfaction which I had not known since I was a growing boy."

If your stomach won't work, try Stuart's Dyspepsia Tablets and be convinced of their merits. All druggists sell them at 50c a box. Once use them and you will become their advocate and friend.

Builds up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Haverhill, Ky.  
No matter how long you have had the cough, if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it. Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

**Charged with Stealing Stamps.**  
Columbus, Ohio, March 31.—Julius Bernstein, a pawnbroker, was arrested by a deputy United States marshal. He is charged with receiving stolen postage stamps, some of which are suspected to have come from the Chicago robbery.

**Big Nickel Company.**  
Trouton, N. J., March 31.—The International Nickel company was incorporated here with a capital of \$24,000,000. The company will manufacture nickel and other metals.

## FILES DETROIT BANK SCHEDULE

Report of the Receiver of the City Savings Submitted to Court.

Detroit, March 31.—The Union Trust company, as receiver for the wrecked City Savings Bank, filed in court its first report on the appraisal of the assets of the wrecked bank. It shows that there are total liabilities of \$3,274,523.41, while the assets are appraised at \$1,974,127.97. In addition to the liabilities given there are also outstanding certified checks drawn by Frank C. Andrews amounting to \$662,500. The receiver asks permission of the court to begin suit against the stockholders of the bank for the full amount for which they are legally liable.

The appraisers of the assets attach to their report an itemized explanation of several unappraised assets, the principal item in which is F. C. Andrews' overdraft of \$911,899, but say that they are not in possession of facts which will justify them in placing any value on them.

The receiver asserts that it desires to declare a dividend at the earliest moment practicable, but this cannot be done until a determination has been reached in court of the claim of savings depositors for a preference over other creditors; of the alleged liability of the bank—denied by the receiver—"upon certain so-called certified checks aggregating about \$662,500," and of the right of set off claimed to exist in favor of certain depositors and others.

The receiver claims that in case certain claims of set off and the claims of savings depositors are allowed, it will diminish the amount to be applied on claims. The report also says that the receiver has received various securities from Frank C. Andrews upon which it will have an additional appraisal made and upon which it will report at a later date.

**Political Notes.**  
Freeport, Ill., March 31.—The Republican county central committee of Stephenson county has issued a call for a convention to be held here on April 21.

Springfield, Ill., March 31.—At a meeting of the state live stock commission Charles E. Miller of Ottawa was elected secretary.

Chicago, March 31.—The Democratic state convention will be held in Springfield at noon on June 17. The convention will consist of 1,259 delegates, of whom 169 will come from Cook county.

Waukegan, Ill., March 31.—The Lake county Republican executive committee has called the county convention to meet at Libertyville Saturday, April 26, at 2 o'clock.

**Obituary.**  
London, March 31.—William Stephen Temple Gore-Langton, fourth earl Temple, died at Cairo, Egypt. He was born in 1847.

Sir Sidney Godolphin Alexander Shippard, formerly judge of the supreme court of Cape Colony and who had held various other positions in South Africa, is dead.

Hanover, March 31.—Prince Munster Dornburg, German ambassador to France for about fifteen years, until he resigned two years ago, and previous to that German ambassador at London for twelve years, died here. He was born in 1820.

**Clements Found Guilty of Murder.**  
Knox, Ind., March 31.—The Clements murder trial jury returned a verdict finding Clements guilty of murder in the first degree and fixing his penalty at imprisonment for life. Clements eight weeks ago shot and killed Edith Holman Davis, who promised to marry him, but on the day set for the wedding fled him and wedded Edward Davis.

**British Meet Defeat.**  
London, March 31.—A casualty list published here records a hitherto unreported fight in the Rhenoster valley, near Sutherland, Cape Colony, March 27, when the British were severely handled. They lost eight men killed, had ten men wounded and twenty-nine were captured. The latter have since been released.

**Burn Negro, at the Stake.**  
Augusta, Ga., March 31.—Richard Young, one of the negroes accused by young Dover Fountain in his dying statement of having attacked himself and his mother on the Ogeechee road, three miles from Savannah, was caught by the residents of the Ogeechee district and burned at the stake.

**Lightning Kills Two.**  
Crown Point, Ind., March 31.—During a heavy snowstorm a bolt of lightning struck the farm residence of Christopher Larson, near this city, and killed Mrs. Larson and her 10-year-old daughter, Addie. The lightning set fire to the house and it was destroyed.

**More Pay for Mill Workers.**  
Boston, March 31.—The raise of 10 per cent which was granted to the 27,000 operatives of Fall River cotton mills early in the month has become general in southern New England. April 1 fully 60,000 hands in that section will have had their wages increased.

**Lowther Found Guilty of Heresy.**  
Arkansas City, Kan., March 31.—The Rev. Granville Lowther formally refused to accept the proposition to cease teaching his doctrines and the Methodist Episcopal trial committee declared him guilty of heresy. This means dismissal from the church.

**Dying from Man's Bite.**  
Minneapolis, Minn., March 31.—Peter Hansen, a dairyman, is dying from blood poisoning due to injuries received in a quarrel with Andrew Langseth, a stone mason. In the fight Langseth bit a piece of flesh out of Hansen's cheek.

**Charged with Stealing Stamps.**  
Columbus, Ohio, March 31.—Julius Bernstein, a pawnbroker, was arrested by a deputy United States marshal. He is charged with receiving stolen postage stamps, some of which are suspected to have come from the Chicago robbery.

**Big Nickel Company.**  
Trouton, N. J., March 31.—The International Nickel company was incorporated here with a capital of \$24,000,000. The company will manufacture nickel and other metals.

**Washington Notes.**  
Washington, March 31.—C. H. Thompson, United States marshal for Oklahoma, has resigned to engage in private business.

James H. Gardfield of Ohio, son of the former President, has accepted the place on the Civil Service commission made vacant by the resignation of Mr. Rodenberg of Illinois.

Joseph K. Wood, United States attorney for the second division of Alaska, has resigned. Wood is serving a term in prison for contempt of court in connection with the Judge Noyes case. The department was about to take action in his case when his resignation was received.

The house committee on public buildings and grounds has decided to visit Cleveland and Toledo for the purpose of looking into the needs of those cities as to government buildings.

The secret service has announced that a new \$5 national bank note, the face of which is fairly deceptive, is in circulation. It is a photographic print on two pieces of paper, with fiber between, on the Union National Bank of New Orleans.

The Secretary of State and Mrs. Hay authorized the announcement of the engagement of their second daughter, Miss Alice Hay, to James W. Wadsworth, Jr., son of the representative from the Genesee district of New York.

Mr. and Mrs. Perry Belmont spent Easter Sunday in Washington. They were the guests of Mr. and Mrs. S. S. Howland. Mrs. West Roosevelt and her two sons are the guests of Mrs. John Rogers, and with her visited the white house.

The Belgian minister and Baroness Moncheur will have as their guest General Clayton, father of the Baroness and ambassador to Mexico. The Minister and Baroness Moncheur have issued invitations for a dinner in honor of the ambassador for April 3.

Admiral and Mrs. Dewey have ordered their Washington residence put in order for them, and will spend the spring months here. They have started north, but will reach Washington by easy stages to avoid too abrupt a change of climate for Mrs. Dewey, who is said to be much improved in health by her trip south.

**Aged Indiana Man, Commits Suicide.**

Indianapolis, Ind., March 31.—C. S. Blitzer, aged 68 years, committed suicide by shooting in the Illinois street tunnel under the union station. His body was found by a pedestrian. He formerly traveled for a Cincinnati distilling company.

## Pistol Practice

Is becoming more popular among women. The reason given is that a woman should know how to use the pistol for self protection. The theory should be carried farther. Where a woman is in danger from assault once she is in danger from disease every day of her life. Women have not only to run the risk of diseases which threaten husband, brother, and son, but they have also to guard against diseases which are peculiar to womanhood.

From these diseases Dr. Pierce's Favorite Prescription will effectively defend women. The use of this medicine preserves as well as restores the womanly health. It corrects irregularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I cannot say enough for Dr. Pierce's Favorite Prescription," writes Mrs. J. M. Tuttle, of Franklin Street, Crawfordville, Ind. "I could hardly walk alone or do my housework when I heard of your wonderful medicine. I used five bottles of each and several vials of 'Pleasant Pellets,' and can say I am a well woman. I thank Dr. Pierce for his advice for he helped me to live. Many thousands of women take my advice and when in poor health or suffering from any female trouble take Dr. Pierce's wonderful medicines."

Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps (expense of mailing only), for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

## PILES

"I suffered the tortures of the damned with protruding piles brought on by constipation with which I was afflicted for twenty years. I ran across your CASCARETS in the town of Newell, Ia., and never found anything to equal them. Today I am entirely free from piles and feel like a new man."

C. H. KERR, 1111 Jones St., Sioux City, Ia.

# STORM WRECKS MANY CHURCHES

Houses of Worship Blown  
Down in Pittsburg and  
Vicinity.

## MARS THE EASTER SERVICES

Several of the Injured May Die as the  
Result of Being Crashed in Pews and  
Caught Under Falling Roofs—Details  
of the Accidents.

Pittsburg, Pa., March 31.—Just at the close of Easter services yesterday a terrific wind, rain and hail storm burst upon Pittsburg and vicinity. One church was wrecked, the roof falling upon the congregation, starting a wild panic. More than a score were injured, and six of these probably will die. In another church the side was blown in, the stove overturned, and the cooler members of the congregation fought fire while trying to stop the panic. One boat was overturned in the river, more than forty houses were unroofed in this city and Allegheny, hundreds of factory chimneys were blown down and great loss resulted.

Churches in towns in this district suffered more severely than any other class of property. The following list shows the churches wrecked and the number killed or seriously injured: Knoxville (Pa.) Presbyterian, six fatally hurt; Wellsburg (W. Va.) U. E., two dead, four fatally hurt; Robinson's Run (Pa.) U. P., two fatally hurt; Greenville (Pa.) U. P., preacher fatally injured; McDonald (Pa.) U. P., Braddock (Pa.) First Lutheran and Bradford (Pa.) Park Avenue U. P.

The most serious result of the storm was in Knoxville Presbyterian church. Easter services were closing. The minister announced the closing anthem and the congregation arose. At that moment the storm struck. The chimney fell with a crash, the roof was torn loose, swayed a moment, and the panic-stricken worshippers struggled and fought in their efforts to reach the doors. Many were trampled under foot. An instant later the roof came crashing down into the auditorium, burying scores of men, women and children.

The seriously injured: Joseph Adams, Miss Ethel Berry, Fletcher Byron, Evan Jones, Curtis Ray McKnight, Clarence McNulty, Thomas Mecklin, John Meyer, Dr. R. J. Phillips, Albert Schmidt, Mrs. Rachel Schultz, David Smith, Hansen's check.

The historic Franklin Methodist Episcopal church, four miles east of Wellsburg, W. Va., is in ruins, its venerable pastor is seriously injured, two members of the congregation are dead, and three others are fatally hurt.

As the Rev. J. W. English, pastor of the Robinson Run U. P. church, near McDonald, was raising his arms to pronounce the benediction, lightning struck the church spire and it toppled upon the roof, crushing it, and injuring seven worshippers, two of whom will die.

The U. P. church at McDonald was damaged, but no one was injured. The Nobletown Presbyterian church was also unroofed, but the congregation escaped injury.

In the First Lutheran church, Braddock, the wind tore a hole in the wall, upset a stove with a fire in it, and scattered the fire over the congregation. Cooler members of the congregation fought the fire and tried at the same time to quiet the panic.

Reports from scores of churches tell of panic-stricken congregations in all parts of the city and surrounding towns.

Nine houses on Ophella street, this city, were unroofed.

The windows in Whittier school were all blown in on the south and west sides, and the roof torn off. The roof was ripped off the Union bridge between Allegheny and Pittsburg.

The Duquesne plant at Rankin was badly wrecked. The smoke stack of the Diamond Ice company, seventy-five feet high, was blown down on the Monongahela river bank at Braddock. Windows in the Parker Avenue United Presbyterian church were blown in at Braddock during the service, creating a panic.

The storm wrecked a \$50,000 ore bridge in the plant at Mingo Junction, O. The window glass trust plant at Belle Vernon, Pa., was unroofed. The plant of the Griffith Tinplate company, the Catholic and United Presbyterian churches, and nine houses were wrecked at Washington, Pa.

The United Presbyterian church at Jamestown, was partly wrecked by a cyclone during Easter services. The Rev. J. M. Jamison was offering prayer. There was a terrific crash, and part of the south end of the church crashed in, burying the minister.

Women and Children Hurt. Barcelona, Spain, March 31.—A fire occurred here in a moving picture establishment which was filled with women and children, many of whom were injured in endeavoring to escape. The building was destroyed.

Pension for Mrs. Turchin. Centerville, Ill., March 31.—The private bill giving Mrs. Nadine Turchin a pension of \$50 a month has been passed by the house.

Wanamaker Sails for Home. Southampton, March 31.—John Wanamaker sailed on the St. Louis Saturday for New York.

Cuban Postal Chief Named. Washington, March 31.—Action looking to the relinquishment of the United States postal regime over the island of Cuba was taken when appointments were made to fill the two most important posts in the Cuban postal service. Charles Hernandez was appointed assistant director general of posts of Cuba, and on the withdrawal of the United States from that island will assume full charge of the Cuban postal service. At the same time Jose Alvarez was appointed postmaster of Havana. The changes become effective April 1.

Irrigation Bill. Washington, March 31.—President Roosevelt, in a conference with a number of western congressmen, plainly stated his opposition to some of the provisions of the irrigation bill, now pending in the house. He is especially opposed to the section providing for state control of the appropriation, distribution and use of the water from the irrigation canals. The president believes federal supervision is essential, not only to success, but to fair and impartial distribution altogether removed from political or other considerations.

Predicts Early Adjournment. Washington, March 31.—"In my judgment congress will adjourn not later than June 15," said Senator Elkins of West Virginia, "and I would not be surprised if we finished our work by June 1. If we should adjourn at the earlier day we would have at least fifty working days in which to transact the business which will be brought before us. I believe that will be sufficient time, as when congress buckles down to work in earnest it can dispose of its business with great rapidity."

Pension for Mrs. McKinley. Washington, March 31.—Chairman Sulloway of the house committee on invalid pensions is preparing a report on the bill granting a pension of \$5,000 annually to the widow of President McKinley, and will present it probably next week. The bill has been before a subcommittee for some time and has now by common consent and without division been favorably recommended by the full committee.

# WHEN YOUR APPETITE FAILS YOU

It's high time to take a health inventory, rather than heap melancholy abuse on the waiter and the eating house. If normal, your appetite is sound. If not, it isn't, that's all.

## From an Authority:

"In my whole experience I have never known a case of tuberculosis of the lungs that has not been preceded by chronic dyspepsia. I have never known a case of cancer, Bright's disease or diabetes that did not follow upon some form of stomach disturbance. Nine out of every ten persons have dyspepsia. It is the first manifestation of lowered vitality. Errors of eating have filled the hospitals, asylums and cemeteries. They are the true explanations of universal sickness."

DR. ELMER LEE.

March 20, 1902. No. 12, South Main street.

## SPARKS FROM THE WIRES.

**Investment Companies Barred.**  
Springfield, Ill., March 31.—According to an opinion rendered by Attorney General Hamlin, investment companies cannot do business in Illinois under the foreign corporation act, as hundreds of them have been seeking to do for several months past. The nature of the business outlined by these concerns brings them under the head of banking or loaning companies and they cannot take advantage of the foreign corporation act.

**Oklahoma Cattle Winter Well.**  
Guthrie, Okla., March 31.—Cattle conditions are first class throughout Oklahoma, and, despite the unusually cold winter, the cattle men say that loss will not exceed 3 per cent. Cattle are now feeding on the pastures made luxuriant by recent heavy rains and there are many shipments of stock cattle from Texas and other points into the two territories to take advantage of the pastures.

**Philippine Rebel Surrenders.**  
Manila, March 31.—Rufino, who spent \$30,000 in his efforts to incite rebellion in the province of Misamis, Island of Mindanao, now declares he is tired of rebellion and has offered to surrender, with seventy-five rifles, to the native constabulary.

**Lays Claim to Rice Millions.**  
Danville, Ill., March 31.—C. F. Rice, a nephew of millionaire Rice, who was killed in New York, is an inmate of the Danville Soldiers' Home. He is taking steps to establish a claim to part of the estate left by his uncle.

**Schooner Swamped.**  
Norfolk, Va., March 31.—The schooner C. G. Cramer of Philadelphia, Capt. Dragg, was swamped off Cape Hatteras and broke in two. The captain, his son and J. H. White, a resident of Norfolk, were drowned.

**Valuable Horses Burned.**  
Detroit, March 31.—Seventeen race horses and promising colts were burned to death in a fire which destroyed the training stable of Frank P. Colby in Highland Park. The total loss is about \$50,000.

**Girl Commits Suicide.**  
Milwaukee, Wis., March 31.—Mary Winderl, 15 years of age, committed suicide by shooting herself through the heart. The girl had been an invalid since infancy and suffered from epileptic fits.

**Big Mexican Mines.**  
Colorado Springs, Colo., March 31.—Spencer Penrose and Charles M. McNeill have purchased for \$800,000 the Pinos Altos group of mining claims, embracing 31,000 acres, in Chihuahua, Mexico.

**Pastor Accepts Call.**  
Bloomington, Ill., March 31.—A call to the pastorate of the Christian church of Normal has been accepted by Rev. John T. Given, who has been connected with the University of Chicago.

**Coffee Firm in Trouble.**  
Hamburg, March 31.—The Hamburger Nachrichten says the coffee importing firm of Neben, Schulz & Co. is in difficulties. The liabilities are estimated at 3,000,000 marks.

**Explanation by Evans.**  
Washington, March 31.—Pension Commissioner Evans said in regard to his resignation: "I seem to me that not much remains to be said. I had this resignation in mind months ago. I have served in this office now for five years—four years more than I served in the war of the rebellion—and I have found it to be five years of harder fighting than the war of the rebellion. With the help of an exceptionally capable office force I have tried to administer the law generously."

"No one, it seems to me, could have been any more liberal and could have enforced the law. Yet my incumbency has begun to embarrass public officials and statesmen. More than one member of the house—not long ago it was a prominent Republican—has risen to say to the house of representatives that I was opposed to the granting of pensions on any grounds or under any circumstances."

"Of course, that is not true. As I have said, I have been as generous as I possibly could be. But that has not sufficed. I am glad now to be ending the whole controversy."

**Week's Program in Congress.**  
Washington, March 31.—The friends of the oleomargarine bill hope to secure a vote upon that measure in the senate on Tuesday, and as soon as it shall be disposed of the Chinese exclusion bill will be called up. According to the present understanding Senator Mitchell of Oregon, who was largely instrumental in framing the exclusion bill, will make the first presentation of its merits to the senate. Senator Penrose, who has charge of the measure, hopes that the senate will be able to conclude its consideration within ten days after it is taken up. It is expected that the Indian appropriation and the rivers and harbors bills will be reported during the week. Both are subject to immediate consideration, even to the extent of displacing other bills, but it is not believed that either will be used to deprive the Chinese bill of its chance for consideration. The Philippine government bill will also be reported, probably to-day, but its consideration will be postponed for some weeks.

The house will be largely occupied by the sundry civil appropriation bill. Such time as remains will be devoted to consideration of the senate bill to promote the efficiency of the revenue cutter agency and the Chinese exclu-

sion bill, both of which, on special orders, but they do not interfere with revenue or appropriation bills.

**Patriotic.**  
While Senator Vest was speaking in the Senate recently Senator Allison told a story about him.

Vest was a member of the Confederate Congress during the Civil war. Some of his constituents alleged that, being an able-bodied man, it would be just as well if he took a gun and went out and did some fighting instead of loafing around Richmond making laws.

Vest acquiesced. He got a gun and went to war. His first engagement was a little affair in which the Confederates were whipped. They started to retreat. Vest went up to the front. He met a man from his own town in Missouri.

"Say, Jim," said Vest "when you go back home tell those folks you have seen me in a battle."

"All right," replied "Jim," starting away.

"And say, Jim," shouted Vest after him, "while you're about it you might tell them that no other human being will see me in another."
